Larry Bekkedahl – Vice President, Transmission & Distribution, Portland General Electric

Larry Bekkedahl is responsible for PGE's transmission and distribution engineering and operations functions. He oversees the company's Transmission and Reliability, Engineering and Design, Distribution Services, Asset Management, System Control Center and Dispatch, and Substation Operations sections. He joined PGE in 2014.

Bekkedahl was previously senior vice president for transmission services at the Bonneville Power Administration, and he has held other leadership and management positions at BPA, Clark Public Utilities, PacifiCorp and Montana Power Company.

He serves on the Electric Power Research Institute's utility executive committee, the University of Akron's energy advisory committee, Intel's utility sector advisory committee, the All Hands Raised Foundation board for Portland Public Schools, and is an elected representative to the PEAK Reliability member advisory board.

Bekkedahl earned a bachelor's degree in electrical engineering from Montana State University.
